This is the case involving the murder of Martin Luther King, Jr.

The Bureau has previously designated the Memphis Office as office of origin in this case. Attached for approval are instructions concerning the handling of reports based upon current developments and the need to further streamline our procedures.

Certain offices, which have conducted the bulk of investigation to date, are to submit results of their investigation in individual reports. Other divisions are to submit positive and pertinent information developed in form suitable for insertion in the over-all reports prepared by the Memphis Office.

Inasmuch as Legats do not submit investigative reports, they are being instructed to submit results of investigation which can be disseminated in letterhead memorandum form suitable for dissemination. Any administrative data which cannot be disseminated will be set forth in the administrative section of the transmittal communication.
